Desert Horizons Country Club...Where Relationships Matter

Welcome to Desert Horizons Country Club.

Welcome to a traditional equity club that is private, exclusive with a small membership and has excellent facilities in an outstanding community.

Along with impeccable service, a challenging golf course designed by world-famous architect Ted Robinson, five night-lit tennis courts, a brand new fitness center and some of the best dining in the desert, members enjoy frequent social activities in our 40,000-square-foot clubhouse. Desert Horizons Country Club is known for its hospitality and courteous, efficient staff.

More than anything else, we are known for creating and maintaining a community that is unique among private country clubs and rare anywhere in today's world. A word often used to describe Desert Horizons Country Club is *family*. A family that has been together for years. Of our members, nearly 40% have been with us for more than ten years.

We are known to make it easy for new members to feel welcome.

For example, the club offers "choose-ups" golf rounds for both men and women... just show up and play. The woman's club is active. Many other social activities designed specifically for new members soon will have you feeling like family, too...because at Desert Horizons Country Club, *relationships matter*.

Where Our Brand of Exclusivity is Inclusive

MISSION STATEMENT

The purpose of our private club is to provide superior service and recreational and social activities emphasizing golf, tennis and fine dining, exclusively for members, their families and guests, in the spirit of camaraderie.

We limit our membership, but there is no limit to the breadth and depth of community within our membership. Desert Horizons Country Club members encompass a wide range of backgrounds... cultural and professional.

However they are united in their commitment to maintaining a community reminiscent of a bygone era. Acts of kindness, caring and courtesy are the norm at Desert Horizons Country Club, offering a respite from our modern world.

Located in desirable Indian Wells, our financially-stable, member-owned club opened in 1980. More than 2,000 palm trees still stand as stately reminders of the grounds' history as a Date Palm Grove. Since then, our low-density community has grown to just 512 homes on 300 acres.

That makes Desert Horizons Country Club an easy place to meet lively, interesting people, whose ideas will spark your own. And it is a place to enjoy the widest array of musical, recreational and social events imaginable. You'll also find several "clubs" within the Club, with members gathering to explore their special interests.

Where Our Golf Course Lives Up To Our Name...

The "horizon" as seen from the Desert Horizons Country Club golf course offers stunning views of the surrounding mountains.

It may be difficult to take your eye from such beauty.

But as you concentrate on the challenging-but-fair Ted Robinson-designed course, your eyes are treated to other delights. Our verdant Bermuda grass fairways and greens, many of them tiered, are offset by azure ponds. Hundreds of palm trees tower above grounds that are home to thousands of beautiful flowers.

Four sets of tees, men's slopes ranging from 112 to 124, and women's slopes between 126 and 137 provide as much challenge as you want. From the tips, it's 6,609 yards of gorgeous, glorious green. Our par-72 course is top quality and welcoming to golfers of all skill levels.

Best of all, as a private club offering no reciprocal arrangements, tee times are plentiful and you can count on seeing many friendly faces. Desert Horizons Country Club offers an extensive golf instruction program through its full-time professional staff along with a practice and driving range. Whether you are a

beginner or a single digit player, you will benefit from the tips and techniques offered by Desert Horizons Country Club's team of professional instructors.

Member tournaments and special golf events are scheduled throughout the year for your added enjoyment: Men's and Ladies Club Championships; Men's and Ladies Choose-ups; a Mixed Couples Invitational; The Desert Horizons Country Club Invitational; the Ladies Gold Rush; a Seniors Championship Tournament; Twilight Golf; the President's Cup Tournament; Men's and Ladies Guest Days; and Fun Days with various delightful themes.

"When I designed the course, I wanted to create something friendly and fair. However, there are a lot of subtleties in the design that make it much more challenging than it appears. In fact, my wife and I have lived and played golf at Desert Horizons for 18 years."

—Ted Robinson
